

On 9th and 10th March 2026, women from different pastoralist groups from the State of Maharashtra gathered in Pune to celebrate IYRP and IYWF

They discussed their lives and livelihoods in different ways. Through songs, music and handicraft.

They shared stories, experiences and knowledge with each other and with their children who accompanied them .

When women come together they weave messages of peace, togetherness and cooperation.

With every stitch they send a message of love and peace
and ask for a world free of violence and hate.
